

# LILLY & IRIS STUDIO RENTAL

Springville, UT

## FLEXIBLE STUDIO SPACE FOR YOUR FLORAL NEEDS

Have you ever wanted to design in a space that can handle the mess better than your kitchen or dining room? Or want access to a floral cooler to store your finished designs in? Now that space is readily available to you!

The Lilly & Iris design studio is located in the home of Alexa Johnson with Lilly & Iris. With a large walk in cooler, as many as 4 design tables, & the invitation to make a big ol' mess while you design, this space can accommodate both small and large scale event work.

### PRICING PER DAY

**DESIGN SPACE ONLY**  
**\$35**

**COOLER SPACE ONLY**  
**\$25**

**DESIGN & COOLER SPACE**  
**\$50**

And you don't have to rent it all. If you want to use the space to process all your flowers & take them away with you, that's lovely. If you want to design in your own space and bring your finished designs over to store in the cooler, that's great! If you want to bring everything to the studio and use both the design & cooler space for a couple of days from start to finish, that works too!

## HOW TO BOOK

Both the cooler and design space are rented out by the day with no set times for using the space. During your rental days, you can come and go as you please.

Simply reach out with your requested dates & if they are available, the space is yours to use! To make things official, you will be sent an invoice & a contract to sign prior to your arrival. Once your payment & signature are submitted, you'll be given a code to access the space during your rented dates.

## THE FINER DETAILS

When renting the cooler space, you have access to all available shelf & floor space of the 8 x 9 ft walk in floral cooler.

The cooler is set at a range of 36 - 42 °F

When renting the design space, you have access to up to 4 design tables, shears & floral knives, unlimited floral water with #2 solution, buckets, lazy susans, brooms & large trash can.

All other materials & supplies found in the studio are not offered to renters. This includes design advice.
